HUMAN SYNTHESIS

HIGH PERFORMANCE TEAM TRAINING AND ASSESSMENT

www.spyroskollas.com

1.

Excessive Non-Verbal Communication

2.

Stressful in a
Psychological Safe
Environment

“

3.

Deal with multiple competing goals
in a Time Compressed environment

Forces you to reflect and you are the only person that
can fool yourself!

Looking for the detail. Not the general.
One word answers will not work as we will digging
deeper to it.

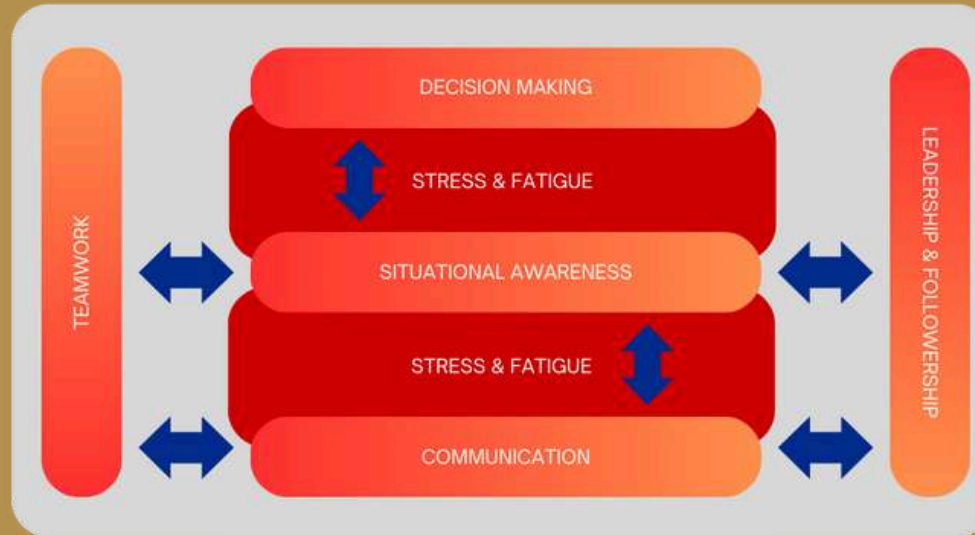

MAJOR BENEFITS

ENHANCING OF

- Experience
- Observation
- Analysis
- Transformation and
- Consolidation

THE PROCESS

PREPARATION

Upon your registration you will receive the link to register in order to watch the preparatory video for the simulator and the training manuals

THEORY

A deep dive to Teamwork, Leadership & followership, Communications, Situational awareness, Decision making & the Performance shaping indicators. We also go through case studies and collaborative exercises

4 SCENARIOS

Working in pairs, the crew members share one of the two workstations on board, which are designed to handle: Propulsion systems, Tasks, Experiments and The management of energy reserves

Next Steps after each scenario

DEBRIEFING

We will work on the most accurate and effective debriefing models that are used by High Performance Teams

MONITORING

We will use several ways of monitoring the executions of the scenarios and the actions (verbal & non-verbal)

ANALYSIS

After each scenario we will digging deeper to the decision making process of the participants
